### **TOUR OVERVIEW**

Early in the morning after a delicious breakfast you will navigate to Isla Lobos, this islet is a seasonal nesting location for the Blue-footed booby, frigate birds, marine iguanas although it is named for the sea lions found here.

At this place you will have a great snorkeling experience because of its crystal clear waters where most time of the year is very common to swim with playful baby sea lions and marine iguanas. Later you will continue navigating to Kicker Rock, a vertical tuff cone that abruptly juts up almost 500 feet out of the ocean. Erosion has split the rock and given it its characteristic shape. The boat will cruise around the cliffs looking for Blue-footed

A large school of fish swimming in clear blue water, with a single larger fish in the foreground.

boobies, frigate birds and sea lions that line the shore. And then we will have the chance to snorkel in one of the best places in the Galapagos. With high possibilities to observe Galapagos shark, Pacific green turtle, spotted eagle ray and if you are lucky hammer heads shark.

After this amazing experience we will reach Manglesito a beautiful sandy beach where we will enjoy a delicious pack lunch. Later we will continue our journey to Cerro Brujo one of the most interesting lava formations of the island that will make you feel that you are in another world. Drive back to town.
